

### Challenge 1—English

Write a description of an adventure that you have been on recently. Use a range of the sentence structures that you have learnt in class. Remember to use lots of powerful and engaging vocabulary.

Spelling list will be sent home every week

### Challenge 2—Maths

Choose 6 different digits to make eight 6-digit numbers. Then arrange these eight numbers on a zero to one million number line. Make sure that the gap sizes between the numbers are relative to the appropriate values.

### Challenge 3—Values

Our value of the month is respect. Draw a poster to illustrate a way in which humans can show respect to the living environment.

### Challenge 4—Art

Draw and label the planets in the solar system ensuring that they are the correct relative sizes and colours.

## Homework challenges Autumn Term

Read at home at least 3 times a week

### Challenge 5—Topic

#### History

Research and record ten facts about the history of life in Burton Pidsea.

Key number facts

### Challenge 6—

#### Science

Draw and label what items you would put in your suitcase if you were going on a trip to the moon!
