

## Primary PE and Sports Premium 2015 – 2016

In March 2013 the government announced that it was to provide additional funding until 2020 to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

### Impact since 2013

- Teachers' participation in continuous professional development with their class has ensured that all PE taught in school is of consistent quality. All staff describe that their knowledge/skills/ability have increased as a result of working with the coaches.
- All pupils enjoy the activities and also state that their knowledge/skills/abilities have increased as a result of working with the coaches and subsequently their teachers.
- Children participate in a wide range of sporting activity as part of discrete PE lessons and as part of the schools membership in the School Sports Partnership.
- Pupils participate in at least two hours of physical activity a week.

### 2015 - 2016

The fund this year £8325 is allocated to continuing with the CPD. Fund has been allocated to:

- Tigers' Trust providing weekly CPD with the school
- Gym and outdoor learning specialist providing weekly CPD
- Increase amount of extra-curricular clubs
- All school sport partnership events are and will be attended by school
- Self and peer assessment cards introduced
- Provision for pupils unable to participate in PE lessons to be enhanced

### Monitoring of Impact

- Governors will be holding an enquiry walk to measure impact in the second half of the summer term.
- Pupil questionnaire will measure pupil view
- Lessons will be observed

### Sustainability

Using expert coaches to teach alongside the teachers ensure that the improvements made to PE curriculum and teaching are sustained.
