

Sports Premium 2016 – 2017

In March 2013 the government announced that it was to provide additional funding until 2020 to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

Impact since 2013

- Teachers' participation in continuous professional development with their class has ensured that all PE taught in school is of consistent quality. All staff describe that their knowledge/skills/ability have increased as a result of working with the coaches.
- All pupils enjoy the activities and also state that their knowledge/skills/abilities have increased as a result of working with the coaches and subsequently their teachers.
- Children participate in a wide range of sporting activity as part of discrete PE lessons and participate in at least two hours of physical activity a week.
